My Health Care Directive

My Health Care Agent

I, __________________________________________, trust and appoint _______________________________ as my health care agent. As my health care agent, this person can make health care decisions for me if I am unable to make and communicate health care decisions for myself.

If my health care agent is not reasonably available, I trust and appoint _______________________________ as my health care agent instead.

My Wishes

This is what I want my health care agent - or if I have no health care agent, whoever will make decisions regarding my care - to do if I am unable to make and communicate health care decisions for myself. Most of what I state here is general in nature since I cannot anticipate all the possible circumstances of a future illness. If I have not given specific instructions, then my agent must decide consistent with my wishes and beliefs.

I believe that God created me for eternal life in union with Him. I understand that my life is a precious gift from God and that this truth should inform all decisions with regards to my health care. I have a duty to preserve my life and to use it for God's glory. Suicide, euthanasia, and acts that intentionally and directly would cause my death by deed or omission, are never morally acceptable. However, I also know that death, being conquered by Christ, need not be resisted by any and every means and that I may refuse any medical treatment that is excessively burdensome or would only prolong my imminent death.

❖ Medical treatments may be foregone or withdrawn if they do not offer a reasonable hope of benefit to me or are excessively burdensome.

❖ There should be a presumption in favor of providing me with nutrition and hydration, including medically assisted nutrition and hydration, if they are of benefit to me.

❖ I have no moral objection to the use of medication or procedures necessary for my comfort even if they may indirectly and unintentionally shorten my life.

❖ If my death is imminent, I direct that there be forgone or withdrawn treatment that will only maintain a precarious and burdensome prolongation of my life, unless those responsible for my care judge at that time that there are special and significant reasons why I should continue to receive such treatment.

❖ If I fall terminally ill, I ask that I be told of this so that I might prepare myself for death, and I ask that efforts be made to attend to my spiritual needs in a manner consistent with my faith tradition.

Believing none of the following directives conflicts with my faith or the directives listed above, I add the following directives: (You do not need to complete this section. If you do, you can use an extra sheet, if needed.)
